

## **2009 RMSAWWA/RMWEA Joint Annual Conference September 13-16, 2009 Albuquerque Convention Center Albuquerque, New Mexico**

### **Technical Program and Exhibit Hall Announcement**

For the 2009 Joint Annual Conference, RMSAWWA and RMWEA have developed an exciting and stimulating **Technical Program** that will deliver presentations on all aspects of the water and wastewater industry. Innovative ideas and new approaches to problem solving will give you dozens of solutions to your unique and everyday issues.

We'll be running six concurrent sessions on Monday afternoon and Tuesday morning. On Tuesday afternoon and Wednesday morning, we will have four concurrent sessions. The Technical Program schedule is as follows:

Monday PM, Sept 14	1 PM–4:30 PM
Tuesday AM, Sept 15	8:30 AM–11:30 AM
Tuesday PM, Sept 15	1 PM–4:30 PM
Wednesday AM, Sept 16	8:30 AM–12 noon

We have over 100 technical presentations planned for you to learn the latest on regulations, technologies, case studies, hottest research projects and their results, and practical information to increase your skills and knowledge. The technical program provides 11.5 contact hours from Monday afternoon through Wednesday noon. Operator training credits have been approved for Colorado and New Mexico, while Wyoming operators track their own credits.

Conference attendees are also welcome to visit the **Exhibit Hall**. We anticipate a full house with 100 exhibitors providing information on all types of products and services to meet your water and wastewater infrastructure needs. The Exhibit Hall will be open Sunday evening, Monday from 11 am to 7 pm, and Tuesday morning.

Information on registration can be found on the websites at [www.rmsawwa.net](http://www.rmsawwa.net) or [www.rmwea.org](http://www.rmwea.org). Just click on the left column where it says "Annual Conference."
